PROGRAMME

	WELCOME
9:00 - 9:10	Opening Remarks
	Philippe Roingeard (President of the University of Tours)
	SESSION 1 Systems in Crisis: Climate Change at the Health-Environment Interface
9:10-9:40	KEYNOTE TAL "Integrated approaches to health: The place of One Health and its future" Jakob Zinsstag (Swiss Tropical and Public Health Institute)
9:40-10:10	"Changing Threats Lansdscape: challenges and opportunities" Chadia Wannous (WOAH) Virtua
10:10-10:40	"How Minimal Algal Genomes Engineer Chemical Innovation in Changing Oceans" Adam Monier (<i>University of Exeter</i>)
10:40-10:50	Coffee break
10:50-11:20	"Climate change and emergency management - why we need a paradigm drift" Ludovic Plée (FAO) Virtua
11:20-11:50	"Antimicrobial resistance and climate change" Bruno Gonzalez Zorn (Complutense University of Madrid)
11:50-1 <mark>2:20</mark>	"Impacts of intensifying climate extremes across earth system components" Max Kotz (Barcelona Supercomputing Center) Virtual
12:20- <mark>12:50</mark>	Graduates Flash Talks
12:50-13:45	Lunch Cocktail
	CESSION 2
<i>Bridg</i>	SESSION 2 ing Knowledge and Practice: Multidisciplinary Solutions for Resilient Futures Sponsor talk: "Hydrogen solutions: a contribution to mitigate climate changes impacts on health". Antonio Veiga (PowiDian Energy)
	ing Knowledge and Practice: Multidisciplinary Solutions for Resilient Futures Sponsor talk: "Hydrogen solutions: a contribution to mitigate climate changes impacts on health". Antonio Veiga (PowiDian Energy)
13:45-14:00	Sponsor talk: "Hydrogen solutions: a contribution to mitigate climate changes impacts on health". Antonio Veiga (PowiDian Energy) KEYNOTE TAL "Turning insights into actions: Co-creating climate resilient solutions through a planetary health lens"
13:45-14:00 14:00-14:30	Sponsor talk: "Hydrogen solutions: a contribution to mitigate climate changes impacts on health". Antonio Veiga (PowiDian Energy) KEYNOTE TAL "Turning insights into actions: Co-creating climate resilient solutions through a planetary health lens" Nushrat Khan (Imperial College London) "Intersecting Emergencies: Disasters, Conflict, and the Strain on Health Systems"
13:45-14:00 14:00-14:30 14:30-15:00	Sponsor talk: "Hydrogen solutions: a contribution to mitigate climate changes impacts on health". Antonio Veiga (PowiDian Energy) KEYNOTE TALE "Turning insights into actions: Co-creating climate resilient solutions through a planetary health lens" Nushrat Khan (Imperial College London) "Intersecting Emergencies: Disasters, Conflict, and the Strain on Health Systems" Nima Yaghmaei (KIT Institute) "Is mitigation from climate change's impacts possible? A case-study from Bangladesh."
13:45-14:00 14:00-14:30 14:30-15:00 15:00-15:30	Sponsor talk: "Hydrogen solutions: a contribution to mitigate climate changes impacts on health". Antonio Veiga (PowiDian Energy) KEYNOTE TALE "Turning insights into actions: Co-creating climate resilient solutions through a planetary health lens" Nushrat Khan (Imperial College London) "Intersecting Emergencies: Disasters, Conflict, and the Strain on Health Systems" Nima Yaghmaei (KIT Institute) "Is mitigation from climate change's impacts possible? A case-study from Bangladesh." Alba McGirr (Clinton Health Access Initiative & IDOH alumna 2020-2022) Virtual
13:45-14:00 14:00-14:30 14:30-15:00 15:00-15:30	Sponsor talk: "Hydrogen solutions: a contribution to mitigate climate changes impacts on health". Antonio Veiga (PowiDian Energy) KEYNOTE TAL "Turning insights into actions: Co-creating climate resilient solutions through a planetary health lens" Nushrat Khan (Imperial College London) "Intersecting Emergencies: Disasters, Conflict, and the Strain on Health Systems" Nima Yaghmaei (KIT Institute) "Is mitigation from climate change's impacts possible? A case-study from Bangladesh." Alba McGirr (Clinton Health Access Initiative & IDOH alumna 2020-2022) Virtual Coffee Break "Friendship: A multisectoral development model in a climate-affected country" Max Claron (Friendship) "Risk and Resilience: One Health approach to co-design zoonotic risk mitigation measures"
13:45-14:00 14:00-14:30 14:30-15:00 15:00-15:30 15:30-15:45 15:45-16:15	Sponsor talk: "Hydrogen solutions: a contribution to mitigate climate changes impacts on health". Antonio Veiga (PowiDian Energy) KEYNOTE TALK "Turning insights into actions: Co-creating climate resilient solutions through a planetary health lens" Nushrat Khan (Imperial College London) "Intersecting Emergencies: Disasters, Conflict, and the Strain on Health Systems" Nima Yaghmaei (KIT Institute) "Is mitigation from climate change's impacts possible? A case-study from Bangladesh." Alba McGirr (Clinton Health Access Initiative & IDOH alumna 2020-2022) Virtu Coffee Break "Friendship: A multisectoral development model in a climate-affected country" Max Claron (Friendship) "Risk and Resilience: One Health approach to co-design zoonotic risk mitigation measures"
13:45-14:00 14:00-14:30 14:30-15:00 15:00-15:30 15:30-15:45 15:45-16:15 16:15-16:45	Sponsor talk: "Hydrogen solutions: a contribution to mitigate climate changes impacts on health". Antonio Veiga (PowiDian Energy) KEYNOTE TALE "Turning insights into actions: Co-creating climate resilient solutions through a planetary health lens" Nushrat Khan (Imperial College London) "Intersecting Emergencies: Disasters, Conflict, and the Strain on Health Systems" Nima Yaghmaei (KIT Institute) "Is mitigation from climate change's impacts possible? A case-study from Bangladesh." Alba McGirr (Clinton Health Access Initiative & IDOH alumna 2020-2022) Virtua Coffee Break "Friendship: A multisectoral development model in a climate-affected country" Max Claron (Friendship) "Risk and Resilience: One Health approach to co-design zoonotic risk mitigation measures" Hongying Li (Columbia Climate School)
13:45-14:00 14:00-14:30 14:30-15:00 15:00-15:30 15:30-15:45 15:45-16:15 16:15-16:45 16:45-17:10	Sponsor talk: "Hydrogen solutions: a contribution to mitigate climate changes impacts on health". Antonio Veiga (PowiDian Energy) KEYNOTE TALK "Turning insights into actions: Co-creating climate resilient solutions through a planetary health lens" Nushrat Khan (Imperial College London) "Intersecting Emergencies: Disasters, Conflict, and the Strain on Health Systems" Nima Yaghmaei (KIT Institute) "Is mitigation from climate change's impacts possible? A case-study from Bangladesh." Alba McGirr (Clinton Health Access Initiative & IDOH alumna 2020-2022) Virtus Coffee Break "Friendship: A multisectoral development model in a climate-affected country" Max Claron (Friendship) "Risk and Resilience: One Health approach to co-design zoonotic risk mitigation measures" Hongying Li (Columbia Climate School) Virtus IDOH Roundtable: "One Health education: Are we preparing the next generation effectively?"
13:45-14:00 14:00-14:30 14:30-15:00 15:00-15:30 15:30-15:45 15:45-16:15 16:15-16:45 16:45-17:10 17:10 - 17:15	Sponsor talk: "Hydrogen solutions: a contribution to mitigate climate changes impacts on health". Antonio Veiga (PowiDian Energy) KEYNOTE TALK "Turning insights into actions: Co-creating climate resilient solutions through a planetary health lens" Nushrat Khan (Imperial College London) "Intersecting Emergencies: Disasters, Conflict, and the Strain on Health Systems" Nima Yaghmaei (KIT Institute) "Is mitigation from climate change's impacts possible? A case-study from Bangladesh." Alba McGirr (Clinton Health Access Initiative & IDOH alumna 2020-2022) Virtu Coffee Break "Friendship: A multisectoral development model in a climate-affected country" Max Claron (Friendship) "Risk and Resilience: One Health approach to co-design zoonotic risk mitigation measures" Hongying Li (Columbia Climate School) Virtu IDOH Roundtable: "One Health education: Are we preparing the next generation effectively?" Graduate Flash Talks: Awards Ceremony
